Introduction

All my life I have been passionate about games. Video game, board game, tabletop RPG. My first game design experiment took place when I was 8 and since then I never stopped creating game mechanics and inventing new worlds to roam with some friends and dice.

Skills

- French mother tongue
- Fluent english
- Basic espagnol
- Programing (C#, python)
- Advanced skill in Game Design
- Skill in creating and populating universe

Experiences

Lead developer & game designer August 2016 to march 2017
Apocalypse Hunter SPRL

Python & Javascript développeur March 2018 to may 2018
Odo

Game Librarian From july 2018
Commune de Watermael-Boitsfort

Projects

Game Design Workshops

Instructor

Those workshops were given in the context of the creation of a board game.

Imaginautes

Co-founder

Since novembre 2018, I have managed an RPG group in Ottignies that federates around 30 people and numerous tables.

World Scavenger

Developer / Game Designer / Narrative designer

World Scavenger was a project that I led when I was working at Apocalypse Hunters. It was a geolocalized game where you needed to find ancient artefacts to decipher the History of ancient civilizations.

The game is no longer available.

Main skills acquired:

- Project management
- Development
- Game design

Collège Saint-Etienne

2014

CESS : latin & spanish

Lycée Français Victor Hugo

2006

Frankfurt, Germany : elementary school

Hobbies

Board game & video games

I am a BIG fan of games of any kind. From simple card games to very complicated board games and all kinds of video games mostly on PC but not only.

Tabletop RPG

I have been a game master since I was 14 and as the only GM in my vicinity for a long time I have mastered a good number of different game systems and universes. That passion led me to co-create a RPG club in my city.

Reading

From a very young age I read a lot of novels, comics and manga. I mainly prefer fantasy, science fiction and other genres where I can explore new worlds.
